

Grillon 15, 22 and 29  
from 39,000 to 77,000 BTU/hr

In addition to their popular solid fuel cookers, Franco Belges offer a range of boilers and wood burning stoves. The boilers include the new look La Grillon, a sturdy, versatile and attractive central heating boiler, in three different models and with a new streamlined fascia.

Firebox Width..... mm	300	300
Depth..... mm	447	447
Height (maximum)..... mm	440	440
Oven Width..... mm	410	410
Depth..... mm	400	400
Height..... mm	320	320
Flue outlet O/D..... mm	153	153
Flow and return tappings..... mm	33-42	33-42
	1"¼ BSP	1"¼ BSP
	Female	Female
Capacity of water jacket..... litres	22	22
Weight..... kg	330	335

#### TOTAL HEAT OUTPUT (Btu/hr)

A	Wood (1)	44,000	59,000
	Solid Fuel	55,500	75,000
B	Wood (1)	67,000	87,000
	Solid Fuel	71,000	91,000
Maximum water heating* output (Btu/hr) (2)			
A	Wood (1)	32,000	47,500
	Solid Fuel	42,000	63,000
B	Wood (1)	53,000	73,000
	Solid Fuel	57,000	77,000

A Grates in top position  
B Grates in lowest position

(1) When burning dry seasoned wood.  
(2) Water outputs are measured at a flu draught of, 0.06" water gauge and on a loading cycle of 3½ hours for solid fuel.
