| C610686 | Cut length adaptor - connects European flue exit to above pipe | 24.13 | 28.95 |

E & O E

# ADDITIONAL INFORMATION

## **INSTALLATION**

Installation should be carried out in accordance with the installation instructions guide supplied with your Wamsler cooker, boiler or stove and to current HETAS and IEE regulations. A full site survey is required to verify that the location and the chimney/flue conditions (together with its position and termination) meet the required standards for the appliance.

Your local Wamsler retailer can advise on all aspects of installations. Alternatively, you can download the Users and Installation instructions from the Wamsler website at [www.wamslercookers.co.uk](http://www.wamslercookers.co.uk)

## **DELIVERY CHARGES**

Please consult your Wamsler retailer for delivery costs on all cookers, boilers and stoves. Alternatively, if you wish your cooker to be delivered directly from Wamsler to your kitchen, there will be a charge of £395 (incl VAT). This does not include any installation, fitting or connections.

## **COOKER DELIVERY AND INSTALLATION REQUIREMENTS**

We recommend a site survey to be completed and that the following important installation requirements are either suitable for the cooker being ordered or will be altered to accommodate the cooker you have chosen:

- 1) An appropriate flue system, termination and ventilation can be provided.
- 2) The water supply, feed and return are correctly positioned and sized, and going to be accessible.
- 3) There is sufficient access to the kitchen or intended final location to allow delivery of the cooker including its packaging, and that the exact position for the cooker has been confirmed. Please ensure this access will be available on the day of delivery.
- 4) Are there any obstacles or barriers (such as steps, steep ramps, narrow doorways, tight bends, gravel drive etc) that may affect the delivery of the cooker? Will there be adjacent access to the property for an appropriately-sized delivery van? Please ensure that Wamsler or your retailer has been advised of any such obstacles or access problems to ensure they can be accommodated.
